[www.almtech.com](http://www.almtech.com)

**262.942.9828**

8961 Sheridan Rd. Kenosha, WI.  
Just North of the Drive-In theater.

**IDEAL FOR:  
POINT OF PURCHASE  
THEATRE GRAPHICS  
BACKLIT DISPLAYS  
OUTDOOR SIGNAGE**

Ridged materials including glass, plastic foam and acrylic.

Flexible materials including paper, vinyl and fabric.

Up to 1.5" thick.

New higher quality printing capabilities.

Digital means lower cost on low volume or prototype runs.

**White printing available** means more versatility in product and design.

With a larger print area, full color designs and a faster turnaround we create an excellent advantage in the P.O.P. industry.
